

## MARINE EURO F 60 CCH 4S

### ECO EURO 60 with marine features

Marine features, such as sturdy adjustable fixed feet, stainless steel marine shelves and a dedicated positive locking handle are all designed for your demanding marine environment. Internal and external stainless steel surfaces are standard. All cabinets are supplied with a compressor that operates at 230 V/60 Hz.

These new cabinets combine stylish design with high functionality and low energy consumption.

- The controls are concealed behind the top panel, protected against splashing water.
- Design principle of "no broken surfaces" makes the cabinets easy to clean.
- The distinctive aluminum profiles stretching from top to bottom on both sides of the cabinet impart strength and enhance appearance.
- The modular rails can go directly in the dishwasher.

Shelf dimensions are the standard Euronorm, i.e. 40x60 cm.
