Banquet Line Duo

Active Cooling + Active Cooling

Banquet Line Duo is a light weight, but robust, cart for holding and transportation of cold food with GN2/1 capacity. Detachable U-shaped runners offer safe handling, easy cleaning and optimal temperature distribution. Infinitely variable temperature setting is performed via digital displays which indicates when the selected temperature is reached. Ergonomic push/pull handles and big castors for easy movement. A ScanBox is a Scandinavian designed product made for both back and front of house, especially with the Signature option with the possibility to customize the exterior design. Compressor cooling is standard.
