

Includes central brake

## Ergo Line Combo

### Active Cooling + Hot

Ergo Line Combo is a light weight, but robust, cart for holding and transportation of hot and cold food with GN1/1 capacity. Detachable U-shaped runners offer safe handling, easy cleaning and optimal temperature distribution. Infinitely variable temperature setting is performed via digital displays which indicates when the selected temperature is reached. Big castors for easy movement. A ScanBox is a Scandinavian designed product made for both back and front of house, especially with the Signature option with the possibility to customize the exterior design. Convection heating and compressor cooling is offered as options.
