

ERGO LINE (GN 1/1)
Duo - Heating Fan - Heating Fan

- ✓ **Two Boxes in Side-By-Side Configuration**
- ✓ **Superb Insulation Values**
- ✓ **Outstanding Manouverability**

ScanBox Ergo Line - Duo - Heating Fan is a range of products suited perfectly for any commercial kitchen operation requiring hot holding or transport capacity. Designed with two fully separated box compartments in a side by side configuration. Intuitive controls, ergonomic design and a wide range of different sizes and accessories will gurantee a perfect match with your operation. Designed with ScanBox latest Environmental Performance (ExP) technology combining increased performance with a decreased environmental impact. Designed to fit equally well back of house as well as front of house allowing exterior branding options.

Function

Two boxes positioned side by side, equipped with a fan heating system that provides an exact and even heat distribution. The heater is safely positioned in the back of the unit where also the power plug is located. Adjustable temperature and moisture ventilation allows you to be in control of food quality. Heat up time approximately 15 minutes with quick heat recovery in case of frequent door openings.

Standard Equipment Options

Backmounted Heating S/S Heater	International Plugs
Adjustable Temperature	
Adjustable Moisture Vent	
European Plug Type	

Capacity

Equipped with detachable stainless steel racks allowing the air to circulate freely inside the cavity. The u-shaped racks has a tilt-stop function securing the foodcontainer and lid during loading, unloading and transport. Variety of sizes and rack configurations allowing optimal usage of the box.

Standard Equipment Options

GN 1/1 80 mm distance	Optional level distance
Detachable Racks	
Tilt-Stop Function	

Mobility

Lightweight, yet heavy duty. A solid design made for all types transports including truck. Equipped with non-marking, high quality double bearing castors for easy manouverability even in cramped spaces. Precision moulded PPE insulation assures food temperature and safety when the box is not plugged in to power.

Standard Equipment Options

Ø160 mm Castors	Optional Sized Castors
Double Bearing Castors	Stainless Steel Castors
Transport Handles *4	Tow Bars

Ease of Use

Equipped with an intuitive and easy to use display conviniently positioned in front top of unit. All-around top frame allows easy handling facing the unit from any direction. The 4,5 meter long single phase spiral cord is positionned on the back of the unit.

Standard Equipment Options

One Grip Handle	Sight window
Extra Long Spiral Cord	Tray holder foldable
Digital Controller in Front	
Central brake system	

Construction

A heavy duty yet lightweight construction based on a stainless steel framing, reinforced plastic exterior panels, solid high precision moulded polyurethane foam insulation and anonized aluminium interior. A smooth, hygienic and fully sealed inner cavity without welds or rivets. The frame, top hood and handles are in robust stainless steel.

Standard Equipment Options

Smooth Hygienic Cavity
Smooth S/S Top
S/S Framing

Exterior Design

Robust and elegant Scandinavian design made for both back of house as well as front of house operations. Possibility to choose different colours as well as adapting parts or the full box according to corporate branding. Use the design and let the box be a part of the full F&B experience.

Standard Equipment Options

Black Glossy Finish	Optional colors
Black (RAL 9005)	Signature concept

Product Safety

High quality product Made in Sweden with high level of engineering details to performance, safety and easy of use. Thorough quality and safety testing through external third party. CE marked with complimentary EMC, RoHS, REACH and electrical safety testing.
